

THE OPPORTUNE TIME IS NOW

REAL ESTATE values in St. Augustine and St. Johns County are probably as low this season as they ever will be. In fact many actual bargains are now being offered in all classes of Real Estate, and the prospects are that prices will soon be advanced. Take advantage of this Buyers' Market, now prevailing.

If in the market for Real Estate investments of any character, consult any of the local Realtors and insure yourself of guaranteed protection, as follows:
