

is to spend the week-end with us so we may plan a concerted action of beautification. I am forming a committee of twenty in our state, each responsible for twenty-five dollars yearly and have obtained fourteen members these first two weeks. I find much awakening interest since our seawall has been built in a beautification program and feel before long that we will have a very active organization.

Again regretting our inability of accepting your kind invitation, I am  
sincerely
