Mr. H. Renschel at Kerrville having qualified, I would recommend that he be retained as councilor there.

At Junction I notice that there is no councilor. Mr. Coke R. Stevenson is one of the Vice Presidents, and resides there. He gives the OST service map high praise and support. It may be advisable to have a councilor there also, and I believe Mr. Emil A. Joeffler would make a good one.

Here at Sonora, Messrs. W. L. Aldwell and L. W. Elliott are the two councilors. They have both this day qualified, and are giving most excellent support for the work of the OST service.

Yours very truly,

J. A. Munson.
