June 37 tho, 2922.

Mr. Harry welch,
Secretary Chamber OI Commeroc.
Phoenix, Arizona.

Dear Mro vel.ch:-
I an going to suggest to fou, bla through yon, to your other Arizona Cities on the Old Spevesh Trail, an automobile pilgrimage to the Dovis mourbains. near Port Davis, in Vest Texas, joining the II Paso of rvan, leaving IIpaaso I believe July 6th. A 31 Texas is jonnge in this big Keet. The State lark proposition for the Devis mountains as well as a vitalizetion of allothe Old opanish Trail worik in West Teras, which is very extensite, is the meening of the gethering. Some tive thousand pobpte ore expectod in camp in Iimpia Canyon, a noted camping place $f$

I am prompted to suggest this because of my Prienaship for Arizons and to bave jou poople there get a more personsl understending of things gping on in west Sezas s.na in Hexico to the South which oan easily stop many thoasands of tourists from continaing westward, hence through Arizona. A new play eround section will soon bo opened to the people of the U. So, and a very accessible and attractive one. The 02a ponish Trail is sincerely committed to the originel plans of building ap ite main line from Seint Augustine to Sen Diego. I am hore in Weshington now to help this main line work and to develop influences that will open the highway nationally in the shortest possible time.

This weck in conference with enator Asharst I struck what appeared to be an entagonisticel note. The enator vas sincere and nice but apparently ( and in this I may have gotton the wrong irapression) he was recognising only the Banihead Highway through Arizona. He aeked that I write to the following chambers of commerce: Holbrook, Flagstats, Kingman, Phoenix, Zum, Ther son, Hogales, Doughlas, Clipton, Globe, Superior, Ifiami, Bisbed, and Diok which Hall at Salome. This request, I could not oompiy
