Dear H.B. -

You played hell when you told Cass Parr you didn't need the money right away -

He returned the draft \$500⁰⁰/₁₀₀ and tells me that they - the Boat Co. - will pay that out when you do need it.

So we are charging your acct - O.S.T. know H.B. My Dir - with the \$500⁰⁰/₁₀₀. Sorry he didn't pay it, but if you are satisfied it will be paid when you need it - I think -

Yours very truly
J. Hammet
