Mr. Harold Ogden,
Managing Director
San Antonio, Texas.

My dear Mr. Ogden, I am mailing you today the
plate of the Oldest House. This picture was published
in a booklet in 1888, taken from an older picture
as this famous leaning palm died that year before
some pictures of it with the top gone. It is coming up again
from the ground, but takes many years to grow to any
height. I was unable to find a good picture of the fort
that could be used. Hoping this plate of the Oldest House
will be satisfactory, I remain

Yours truly
