Mr. H. B. Ayres,
Battle House,
Mobile, Ala.

Dear Mr. Ayres:

Since personal contact seemed to be necessary before you could outline any sort of a proposition to me, I felt it necessary to turn at the moment to a more definite channel, and incidentally in the hope that I might make it take me into your section for a personal conference, which is still a possibility. At the present however, I find it opening up leads necessitating my attention to this and adjoining states for the time being. I have not lost interest in your undertaking at all though and was glad to hear what you were doing, in your recent note for which I thank you, as well as for the friendly letters concerning myself, which you kindly forwarded to me. I will write again if I see the way clear to get down that way within the indicated period of your stay in the east.

Very sincerely yours,

P. S. Williams
