My Dear Mrs Drought

Your kind invitation to your reception for Mr Barrel Ayres is indeed most appreciated and I feel highly honored I feel that he deserves all the praise and honor given him, he has done such wonderful good and I assure you that Mobile and it's people love + appreciate what he has done for us.

I am so very sorry to tell you that it will be impossible for me to attend I have only recently returned from California. And it was my privilege to meet so many lovely charming women when the "Motorcade" stopped in your city I shall ever remember + cherish all of the many kindnesses + pleasures given during our stay there, and of all of the places we stopped I must admit that dear
