About a month ago the gexas Kighnay commasion gave the nemo of JERPMRSOM DAVIS to the highway Prom the Red River thru huetin and San antonio to Laredo. Ghis highway, nationally kome ag tho mamidral HIOMAX from inipeg to rexico Gity. was sometime ago Locally named thé RA? IVPB MTCHIAX.
 was named in gexas the Bhaphim To AJSOTN MTGHVAY。 At the last meeting of the Highway commisgion the nane SN:PHDN Bo AUSOTH vas abandoned and JEPMDRS OH DAVIS MEatortar, HIGBWay substituted.

Nows repores state tho highvay Rrom Rod River so Jaredo is nov being maxked by the Highvay Departmont as JMpanasor DivTs HIGHVAY and
 Por the orange--13. Paso road.

This if pexsisted in mesns the aestmetion of the 01d Spanish Trail from Sto Augustine, Horida to San Diego, calizomia ne n national higho way. for gexas with one-third the distance goross the continont oen mako or bxeak the project。

The old Spanish Trajl was organised at lobile in 1915 and has boen a contimuous active oxganimation over since. At a conforence in Houston In 1919 San antonio was asked to asBume the national hesdquartera vorko The value of connecting such a project noross noxas vas recognised and the Sen Antonio Chamber of comaerce appropriated 1000 and others Rollowe od with support in loyal measure. In the ten years of this vork members have spent over $\$ 100,000$ porsonsily. They have succeeded not only in making the 02d spanish Trail a comeoted branseontinental trunking of very valuable posedbilitiee to the south. but thoy heve Rostered tho construction program unt 11 \$35,000,000 have alroedy been spent; $37,900,000$ of construction in proegrese will bo conpleted this year: $310,000,000$ of now construction vill be inaugurated in 2925.

The odd Spanish Rrail is know all over the lande It is of reoord in national offlces everywhore, on all maps, in govermaent manusis, at cchools, libraries, colleges, and with all sageazine editome intorested in outdoor life and auto trevol. More nagezjne and featraro articles are published than lox any other national highvay. Itse name. its hise torical background. its potential. service to national tourist treavel. and the possibilities of ita territory for settloment, developmento ishing, camping and resting, all appeal to tho northorn editors. If lot alone it will be the nation's best known highvay.

The 0s? nssociation in the past ten yeare has published 40,000 sexvice and goneral maps; 10,000 Pour-color lithograph vall saps; 50,000 miscellaneous leaflets and booklets: 20.000 Traveloga and nov has a wealth of materisl ready for a rexas rravelog of 80,000 oopies; magazine and feature articles have reached a eirculation of over 4,000,000; over 2000 miles of roads have been rasked and new marking is neaeasary; zero milestones have been dedicated by presidents and governors; ose pield men have treveled over 50,000 miles in this work-a-in the early days they wallowed in mud and mire working out courses of tho highvay aorose the
