Dear Sir:

Running time of tourists over the Eastern of the ^{End} Old Spanish Trail as set forth in Bulletin of May 1917, has created so much interest and developed so many inquiries, that I would sincerely appreciate your letting me have similar information in your territory.

I would suggest that Mr. Bayless could give this information New Orleans to Houston; Mr. Byer to give information about Houston to Dallas and Dallas to El Paso; Mr. Fraser should be able to give this information from El Paso to Dallas and also from El Paso west as far as possible; and Col. Fletcher from San Diego east.

In furnishing this information do not be afraid to overlap each other, because one may have heard from parties that the other did not.

I sincerely hope that you gentlemen will try to let me have this information by return mail so that I will have same in time for next week's bulletin.

Yours truly,

SECRETARY.
