San Antonio, Texas.

Dear Friend:-

Tuesday and Wednesday found me on the Gulf Coast with a representative from each of the New Orleans newspapers assisting in the boosters trip originated by the Mobile Chamber of Commerce. Doubtless you have heard all about this trip from your good friends in Mobile. However, the thing that I want to ask you about is the four state conference which was voted to be held here next year. As I remember our meeting was held sometime during March. What do you suggest as to the best time for the meeting here? Senator Craft has his heart set on a big meeting and desires to invite the Governors and Highway Commissioners of the four western states to meet us at that time. I believe that we can work up a big meeting and get something done worth while.

Let me hear from you on this subject.
As ever,

Your friend

R. H. Fleming
