and that few are self-satisfied and you know it is very hard to stir up much enthusiasm among such.

How ever there is one hope at Theodore which is as follows -

There is a man name "Boroy" don't know if have spelled name right but he is rich and owns considerable land between Theodore and Irvington - (nearer Theodore) and he was to visit his place July 10th and stay some little time and he is very enthusiastic and is not only willing to give right away through his property but willing to help finance.

Dr. F. J. Nye knows this man and promised me that he would see him and have him stir up matters there at Theodore and hope that by this time things are moving at Theodore.

you know I left July 8th so could not be of any help there at this time.

I am very sorry that I could not be of more help to you at this critical time
