

February 6, 1918.

Dr. A. C. Ward,
Mobile, Alabama.

Dear Sir:

I enclose herewith post card from Mr. J. P. Buckner, advising that Mobile-Pascagoula section of the Old Spanish Trail has become very much cut up owing to recent rains, from his corner to the State line.

In view of the increasing activity at Pascagoula, it is very desirable that this road should be fully maintained in order to make easy getting backwards and forwards between Mobile and Pascagoula, as this will surely result in Mobile's gain.

I therefore sincerely hope that your Board will find a way to get road back in condition, and also if possible, arrange for the patrol system on same.

Awaiting your further advices, I am

Yours truly,

SALCB/MS

SECRETARY.

*How about Buckner for
Patrolman?*
