

JOHN K. GRIFFITH
SLIDELL, LA.

notify me before hand as to when you
can come to Slidell so that I can
have our road committee meet with
you. I believe that I have done about
all that can be done in this section.
I will tell you of some of the unpleasantness
with and about Gov. Duke when I see
you. I have been to Baton Rouge and
interviewed our notorious Governor
pro. M. Parker whom we all supported
and who has no friends left in this
section on account of the C. S. F.
Hoping to see you real soon I am

Yours truly
John K. Griffith
