My bent "r. ext:
A move that will stoufty but ld an les without increnajog coote whould be worty of connideration even in tim liks thesc.

Por four yours the enclosed tar has been subjoct to conforenco and develoyment by maclf and national travel leaders mozking vith me. It ie revolutionary in character. for may yours it has beon groning in uy mind as I have developed tho 0?d ganieh rail travol informbion service up and up uncil j. produced the travelog. The travolog becho mailonaliy popmiar but an domad inorcased socining loss expensive mas nociod that, coule bo prolued in large lots.

The enelosed can be owned and diatrimaed of an oil. co pany with a zationa? acrvice

 ingrove trave?oes.... and the 22d Spenish Trail nationit puhlicity caa be continued Whick mili, as almays, Inoroase the demand.

The oll comeny that contzols it wil? have on oxtatandinge and soon to be nationally Gnowa aorvice, nvailnble at, ite stations and not aveilable at obles oil stations.
 comanies. Travolors gathor present maps fron every company because none gives wuch of the deafred infor ntion. On the other hand, letters and ovon belezrose, core to :3s Pron over the Unlved stotes, and oven tron forejga commrice, which prove that we have developed = sexvico of recognizod value- ad those iottors and uy hons ex-
 clothed to with any videretandiage.

This map can now bo rade 8023 to rerain stendard for yenrs to on 20 ; this wos not poeniblo soveral yenrs lack.

I have had to consider:-
How to contime taling care of the thousande of letters of inquiry from ino dividuals that the 01d Spanieh Trail receiver-

How to keep these travel-routing bureaus supplied-they constantiy write and
