Feb. 25, 1922.

Harral B. Ayers, Gen. Mgr.,
Old Spanish Trail,
Mobile, Alabama.

My dear Harral:-

Have your letters, clippings and maps on my desk and will write you further in a day or so. Am putting in 16 hours a day at my desk most of the time.

Right now I need a map of Mobile Bay if there is such a thing that shows plainly the Baldwin and Mobile county shore lines. If you can get such a thing and will pencil thereon the probable location of the proposed causeway, it will enable me to make the OGT charts far more interesting than otherwise.

We have state maps and those covering local roads in that region but none with much detail of the Bay itself.

Seems like your time is well taken up too. Is the road to follow the corrected lines in that blue print you sent me of the road from Daphne to Nunez? Answer quick as this map is being made.

Hastily and Sincerely,

H.L.-4
