July 22, 19 32.

Mr. L. B. Daron,  
Gulfport, Miss.

Dear Mr. Daron:

July 12 (10 days ago) I mailed you my glasses in a wooden container and wrote you a letter of advice which was mailed separately.

Have had no word or any return from you.

Something must have gone astray. Please advise.

-----  
My letter read as follows: (Dated and mailed July 12, 1932)

Yours 10th received. It probably would be wise to order here on account of adjustments from time to time. But I do not owe these fellows a sou. So am ordering from you.

I want orthogon softlite, and understand your price is \$13 60 for the two lenses. Am sending my frames by this mail. Don't want the old lenses back. Am enclosing Dr. Walthall's copy of the prescription so as to avoid all possibility of error, altho I note you kept a copy.

Have your manufacturer be careful in making the glasses. I had comfort and service from your work in 1928. Let's take time and get comfort again. So, if you want to give any advice you may hold this up until you write me; otherwise go ahead.

Sincerely,

This letter mailed  
3 P.M., Friday 22d.
