WILLIAM A. BERRY
VICE PRESIDENT

July 29, 1930.

Mr. Harold B. Ayres,
San Antonio, Texas.

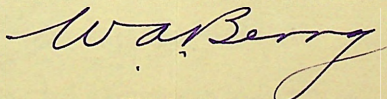

Dear Mr. Ayres:

In the Asbury Park Sunday Press of a week ago Sunday, I read an account of your very fine work in connection with the highway from the Atlantic to the Pacific.

I had lost track entirely of where you were and what you were doing and was very glad to learn of your great success with this work. I am sure that you must feel very much gratified and I know your many friends here did, to know that you had taken such a prominent part in the work which has been recognized by the Spanish Government.

With kind regards, I am

Yours truly,

William A. Berry
