

I am passing along your letter with its enclosures to Mr. Clemens for his perusal and return to me. Mr. Clemens, besides being such a best secretary our Chamber of Commerce ever had, and exceedingly busy with his activities as such, is also a governmental officer in the Emergency Fleet Corporation work and is just about as busy a little bee in this neck of the woods as you could find. For months he has spent much of his time in Philadelphia and Washington and in travelling in the East in connection with his two positions, and this no doubt explains your inability to hear from him.

With best good wishes, I am

Sincerely yours,

(Sgd) Palmer Pillans
