

July 30th 1932.,

MR. H.B. Ayres.

San Antonio Texas:

My Dear Mr. Ayres:

Your Letters received. However your second letter was received two days after your glasses had been sent and I felt sure that by the time I received your letter you had received your glasses. Which I hope you have and are wearing to your satisfaction.

Your Dr. Has prescribed the best glasses listed and tho you may have gotten by a little cheaper I believe that h that the little extra is well worth the difference in price.

I Have no doubt that this prescription is a very good one and that you will have no trouble whatever. I certainly thank you for the privilege of serving you and hope that I may continue to do so. with best personal regards I am.,

Yours Very Truly,

L. B. Daron
