

July 11, 1917.

Capt. John Craft,
Mobile, Ala.

Dear Capt. John:

I enclose herewith copy of letter of the 10th inst. from Mrs. Phillips, every bit of which is good.

Texas and Florida have designated the Old Spanish Trail in their States for State and Federal aid. I understand from you that the Alabama Highway Association has designated the Mobile/Pascagoula section for State and Federal aid, but do not think you have designated the Mobile Bay to Florida State line section for same. Can't you do this, so that Alabama will be in line with Florida and Texas?

Mrs. Phillips' suggestion about getting after Louisiana is good. Mississippi ought to be gotten after also, and as Mrs. Phillips suggests, you are the man to do it. Will you?

Yours truly,

SECRETARY.
