Mr. Losh and Captain Fauntleroy are both anxious to meet the County Judge, Commissioners and Engineer of each County, matters of vast importance to be discussed by these officials. Judge McCrory, our Highway Commissioner is very anxious for a conference with the citizens. Therefore, we suggest that the commercial organizations and other civic clubs together with the county officials arrange for a mass meeting in order that Judge McCrory, Mr. Losh and Capt. Fauntleroy may have an opportunity of giving the voters first-hand information on what will be necessary for them to do in order to build and maintain this and other highways in this State.

I will ask you to kindly notify me care Miller Hotel at Brownsville not later than Thursday noon if your town wants to avail themselves of the above program, and give such suggestions as you may think adviseable in order that we may know something more definite concerning the work in each town along the line.

Very truly yours,

OLD SPANISH TRAIL

D. E. Colp
Manager Texas Division

P.S. The speakers of our party will be Mr. Losh, Capt. Fauntleroy, Colonel Jadwin and Judge McCrory.
