MEMORANDA

H. P. A. received on salary account, 1921, \$250 00      1922, \$200 00  
He supplied the money to issue the magazine, and that stands a loss to date. He has given three years of such service, and cannot afford it, nor is it good for all interests for such things to continue. The greatest single contributing factor to this has been the failure of the people to understand and really support this work, and the burden has fallen on him. 300 highway associations are listed at Washington as failures.
