

May 11, 1917.

Mrs. F. R. S. Phillips, Secretary,
Tallahassee Boaters' Club,
Tallahassee, Florida.

My Dear Mrs. Phillips:-

I am sorry to say that I seem to have overlooked your enquiry about badges for Convention. At Mobile we used ribbon about the size of that at Pensacola Convention except it was yellow instead of white, with "Old Spanish Trail" printed on it in red. They were inexpensive and attractive.

Harry Locke writes under date of May 7th:- "Colonel Ed. Fletcher writes that he hopes to be down South soon. I think he is going to Washington and will arrange to spend sometime in Florida en route."

Try to get in touch with him and get him to the Convention. It will be a big feather in your cap to get the California Vice President to Convention and he could tell Convention about some real roads, as that is the kind they have in California.

Yours truly,

Secretary.
