ED. MCRAE, SEC. TREAS.
FORT WORTH, TEXAS

MERIDIAN HIGHWAY

HIGH GEAR ROAD ACROSS UNITED STATES

NEWTON, KANSAS, April 7th, 1924

H B Ayres, Manager O S T
San Antonio, Texas

Dear Sir:

I herewith enclose Bulletin, map and card of M H I want to get out a folder a little later.

I read with interest account of your zero stone at San Antonio and I wishad me might have been in on it and to have a man to represent us.

We have in Mr McRae a fine man and the pity is that Mr Colp got a few fellows together and re-elected himself President of Texas Division and it is going to be hard to rid ourselves of him.

I wonder what he is doing. He came up to Salina, Kas to our meeting and tried to beat me and to get himself in to run the M H but signally failed.

I wish you would tell me what he is doing if you know for I want to know and I do not know who else to write to.

I wish you would send me copies of your new literature if out. Did you decided to push into Mexico and if so on which route?

I sent a lot of tourists your way for California last winter.

Please let me hear from you. Success to you.

Yours truly
John C. Nicholson
President
