SUMMARY  
Total banked.....1342  
Total to San Antonio .....1050  
Balance in bank..... 292

Total pledged and payment arranged (marked \*) 935

Total to Wilson \$675 This shows the cost of collection small in view of the sales work required, and which is of permanent value, and the fact the small towns have paid first. Mr. Wilson also shows overpayments on the quotas. Mr. Wilson reports that when he gets the people together and explains the values the results are 100%. It takes time to get across the fact we are trying to bring new men and new money into the communities.

x--indicates cities interested like Thibodaux. Abbeville people have also promised to pay is included.
