Dear Harrel,

I have your letter telling me about the "brick walls" of the official City, but keep a stiff upper lip you will get through they will listen to you when they find you want and will have an answer before you leave, I have been up against these fellows, and had to tell them that I had come to spend the balance of my term of office or get something, then they would talk to me in order to get rid of me.

Well, now comes some news for you, I was gone 15 days on my western trip left positive instructions with Miss Huey to send me a report of what Shreve and Thompson was sending in and make copies of certain contracts that shreve had made and was making between Ft. Stockton and El Paso and send to me enroute so I could patronize the hotels and Garages that was doing business with the OST. and I didnt get a single word from her on my entire stay, I wrote her and wired but noting doing, .

When I came back I put in 2 days getting out some rush stuff and then told her to get another job monday in fact I got one for her and she went to it Tuesday, I got N.K. Brown who was in charge of the registration dept of the highway dept. when I was Secy. he went to work Tuesday Noon, he is a very capable man and will attend to the office when I am away, he is a good bookkeeper, and we will have some system to this office now, I told Miss H. to send you a statement each week and she didnt even do that, I will get the books straightend
