

the new wheat belt, but wisely sticks to the older livestock industry.

AS its title indicates—and as San Antonio well knows—Winter Garden Fair at Pearsall is a great regional enterprise. For exhibit-material it draws upon one of Texas' and the country's most flourishing truck-farming and poultry-raising sections. Farms, gardens, orchards and pastures of the notably rich Frio and Nueces Valleys contribute to an agricultural and livestock show unexcelled in its class. Embracing football, rodeo, parades, pageants, concerts, dances, fireworks and carnival, the diversions will be of high order. And at this and all the other fairs, the work done by the 4-H Club boys and girls will hold a place of honor.

DRIVER-LICENSING LAW is one of the most effective acts of safety legislation yet devised, this country's leading traffic-control experts consider. However, they deplore the fact that last spring the proposal became a political football in some legislatures, and in others—Texas, for example—was not given the thought it deserved. Because of that circumstance, the National Conference on Street and Highway Safety did not gain all the success it had hoped for in the country-wide campaign to get that greatly useful measure adopted. Only seven States were added to the roll of 12 which previously had such regulations. Ever-growing traffic and increases in the accident-toll along with it, sooner or later will compel lawmakers to adopt that protective measure. The session which the 20th annual Safety Congress and Exposition in Chicago, October 12-16, will devote to driver-licensing and related measures, therefore will be practically interesting. Some eminent authorities on traffic problems will be heard.

to was learned the Spanish consul general at Shanghai had been instructed to proceed to Manchuria to investigate conditions on behalf of Alejandro Lerroux, Spanish president of the league council.

Foreign advices from Mukden said Japanese forces entered the Chinese city of Newchwang on the Liaotung Gulf yesterday, citing a bandit attack on the city as a reason for the Japanese action.

MYSTERY SURROUNDS CHICAGO AX SLAYING

(By Associated Press)
CHICAGO, Oct. 4.—The mutilated body of Calogero Digiovanna, 38, with an axe lying nearby, was found today in a ditch near suburban Glen Ellyn. He had been hauled to death.

The police said they believed the man was killed by an acquaintance who had a grievance against him. Digiovanna was regularly employed, they said, and had no criminal connections or record.

Sheriff Arthur Bennett of DuPage County said the Digiovanna's two sons, Charles and Anthony, disappeared from the family home early today. He said he believed they had been summoned away by false information concerning their father.

Digiovanna's widow said he had been driven to Grand Rapids, Mich., yesterday by a friend to visit a son. Police were searching for the friend who Digiovanna accompanied on the trip.

Weather Man Sez "Fair"

San Antonio vicinity: Fair with light to moderate southerly winds.

Texas: Generally fair Monday and Tuesday. Light to moderate southerly winds on the coast.
