Mr. Harral B. Ayres,

Dear Mr. Ayres:-

I received your circular letter of May 26th, which I realize is good work, and I notice what you state about the different sections sending a letter to the Highway Department referring to the change of the name of the Old Spanish Trail to the Jefferson Davis Highway. I have also noticed some discussion about it in some meeting they had, Ladies or somebody, am not sure.

If you will just advise us, addressing your letter to J. W. Trainer, President of the Old Spanish Trail Club, and outline what you think ought to be done and what kind of letter to write to Burkett, the Governor or the Highway Commission, which ever you think would give us the biggest advantage, same will have attention.

Assuring you of co-operation, I remain

Yours very truly,

W. L. Aldwell.
