PENSACOLA

FLORIDA'S GREATEST
"THE YEAR ROUND"
TOURIST RESORT

Harold B. Ayres, Esq.,
Director of Old Spanish Trail Association
San Antonio, Texas.

Dear Mr Ayres:-

Your esteemed letter of recent date relative to Pensacola's quote to the Old Spanish Trail Association was received, and the writer has given the matter very careful attention.

It appears that our good roads fund is now nearly exhausted, and we are unable to secure an appropriation in this direction. We have expended quite a sum in the interest of promoting good roads in this section and have some other projects now before us which will require the solicitation of funds from the citizens here.

The writer has not secured very much encouragement in making an effort to raise Pensacola's quote, and it appears advisable to hold the matter in abeyance for the present.

With the writers best personal regards, I beg to remain

Yours sincerely,

Secretary

JVP/FB.
