

*original,  
letter in  
old Hist. Records*

San Antonio, Texas,  
February 22nd, 1927.

MEMORANDA:

The enclosed copy of letter from the author of "Spanish Pioneers" is his acknowledgment that 1565 is the correct date for St. Augustine. The date 1560 was an error not caught by the proof-reader.

You will be interested in reading his comments.

This is another illustration of the numerous troubles we must go through to develop accurately this old history story.

I appreciate all of your nice cooperation.

Sincerely,

H. B. Ayres,  
OSE Managing Director.
