For the East, G. S. P. Ass'n.  
Tallahassee, Fla.

Dear Mrs. Phillips:

Your letter of the 13th inst. received.

Bulletin, thanks for dope for. Owing to lack of support, hot weather, and the war, Secretary has decided not to issue any additional Bulletins until such time as we either get better support from the Directors, etc., or weather gets cooler, or war makes it possible for people to take more interest in other things.

Therefore, I guess I am to be classed with the "slackers" and treated in accordance with your letter.

Your paper is good, and I wish it every success. There is only one improvement I could suggest in connection with it, and that is on the back page. I have seen that Loon Hotel cut before, and had hoped that next time I saw it, it would include the Old Spanish Trail, as well as the "Dixie Highway" Can't you get this done?

Yours truly,

Stacy
