

THE VALLEY LAND
(air "SUNNY TENNESSEE")

By Mrs. G. A. Young, Houston, Texas.
Written by request of the OST
for the Women's Federated Clubs of the
Brownsville Valley.

'Way down south on the Texas Border, there's a place that's
made to order

Take it from me, it's fine as fine can be!

It's the Garden Spot of Texas, much to please and naught to
vex us

Why, Paradise was never half so nice.

Chorus

In the Valley Land, of the Rio Grande

Where the palms and grape fruit grow

It's there I love to be, yes, that's the place for me

Where the south winds play and the birds sing gay

And the roses scent the air

I wander far, but I find my heart stays there

There's a roadway planned in the Valley Land, and it

Winds on toward the sea,

And you can count on me, by the road I'll plant a tree

Well it's just my style, I'm a Booster all the while

This valley land, of the Rio Grande, Oh, it's better ev'ry mile.

Tell the world 'we aint been blowin', start this way and
just keep goin'

Till you can see, and then you'll all agree

Send back word by wire and letter. "Where you're at is
good, but the Valley's better"

Now drop ev'rything, and help us Boosters sing.

Chorus
