Not willing that you should  
work for nothing - But  
you and Mr. Miller had  
been going on for several  
years - and I feel that  
you should have that  
settled before I am in -  
you know the financial  
conditions much better  
than I, and it seems  
to me if we were  
not paying ~~each~~ <sup>each</sup> \$175<sup>00</sup>  
per month and expenses -  
this at least could go  
to you - Not that I  
see how we could  
manage and not  
have here, still  
we were before he came
