

2 Do they get busy, & trace it up  
with the mayor & he is to head the  
delegation. And they are sending a  
com. to Galveston today to line them  
up, they promised about 20 cars  
less like we will have 50 or 60 cars  
out of here. it hasn't rained for 2  
weeks & the roads are getting good, we will  
have a good crowd from Ada. The Valley  
is "drowned out", guess we won't  
have a single car from there.

Now about the Hamilton bunch they are  
still "sore" at you about your visit there  
a year ago. But I think I can get  
them over it to some extent by the  
time we get back from the Convention.  
I can't afford to "cross em up" now. I can  
get some money out of them when we  
come back. now you don't want to  
take this matter serious, it comes to my  
one who "does things", don't give it a  
second thought. I'll get them over  
it -
