My Dear Harry:

Congratulations upon your decoration by the King of Spain and also congratulations for the splendid work which brought it about. Harry Borden showed me a booklet telling of your work, etc. I'd like to run a special article upon it and ask that you send me at least two booklets that I may cut them up for copy.

Also please send a photograph of yourself and of the decoration. I also would like a short biographical sketch of your life, both here and in Texas. Also give me a list of your relatives residing in this vicinity.

Yours with best wishes

E. S. Longstreet
