Mr. H.B. Ayres,
Managing Director O.S.T.,
San Antonio, Texas.

My dear Mr. Ayres:-

Please find enclosed a letter just received from Mr. Turner, Secretary-Manager Vermillion Chamber of Commerce, relative to a highway thru Vermillion Parish.

In all my talks I have urged the people to stick to the historic name of the Old Spanish Trail Highway instead of giving it its new name. This has been endorsed by the clubs of the Third District, and other districts thru which the highway passes, and the men as well as women are interested.

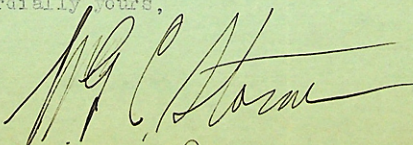

Kindly write Mr. Turner, and have sent to him all the data on the subject that there may be. I have sent him the little that I have. Send him a copy of the History Booklet, which I note in the Bulletin of November, 1921, is gotten out by the hotels and Chamber of Commerce of San Antonio. I would appreciate a copy also. (As you may be away from your office, overlook this request, for I will write direct to the Chamber of Commerce.)

I read of the progress you are making, of the work in Alabama, and congratulate you. We are still looking forward to a good road thru the historic Chacacoula Swamp.

The fresh markings are about washed out along the Highway, can't we have it properly marked? I would like to have some of the delirious of the pole marker to use on windshields. An sure many cars would use them, and thus spread interest in the right direction.

Cordially yours,

Mrs. A. F.
Morgan City, Louisiana
May 19, 1922.

Councilor
