

meeting about indiscriminate roadside adver-
tising. They are planning to take action. This is
all your fault! If you hadnt stuck your old
Spanish trail thru Baldwin County I would be
sitting peacefully at home making hooked rugs
& petting the dog instead of barging around
speechifying (which scares me to death) and worrying
about people falling into Perdido River & writing
to Spanish Caballeros.

Mother is quite well. If only we were
made with spare parts like cars, or could grow
new ones like chameleons and crabs, so she could
get a new pair of knees she would be fine.
She is so plucky and her knees are so painful.
I gave her your message.

I hope you had as nice a Thanks-
giving as we had. It couldnt have been any
nicer.

Adios senor. Dont you dare high hat
me with your Order of Isabel la Catolica.

Esther.
