PIONEER DAYS ON THE TRAIL

San Antonio's Old Time Importance

Trails from early times have existed between San Antonio and San Diego. San Antonio was the meeting place and clearing house for the North and East and Mexico and California. The San Fernando Cathedral plaza at San Antonio was the terminal and changing point for all the trails. The Old Spanish Trail monument now stands by the Cathedral.

In 5772 the King of Spain ordered a chain of missions and the state of the state o stagecoach, then the railroad and now the motor highway.
