Mr. H.B. Ayers.

Mobile, Ala.

Dear Sir: I am sending you herewith, data on Sage bridge. Altho I waited several days for the pictures I enclose, it will be necessary for me to get another shot as you will notice that these are very poor.

I am also enclosing bill of W.L. Hammond for paint. I have enough white paint left to go a long way but not much red or yellow.

We are doing little at present on road but are hoping to be able to go on with the work soon.

Yours truly  
Deane S. Comstock
